Dear Citizens of Heaven,

Greetings in the Name of Him who is Himself The Way, The Truth, and The Light – Jesus Christ! ***There came a man sent from God, whose name was John. He came as a witness, to testify about the Light, so that all might believe through him. He was not the Light, but he came to testify about the Light [that] was the true Light which, coming into the world, enlightens every man. John 1:6-9***

Praise the Lord! We are back on the air on AM1400 with the new tower! Thank you so much for your faithful prayers, support, and encouragement. Within a few minutes of going on the air I received a call from a listener in Barbados saying she just turned on her radio to try and “Wheeeee!! They are back!” We have received other spontaneous reports from Barbados, St. Vincent, Martinique, and as far away as England. We are presently operating at our original power of 5000 watts. Our goal, Lord willing, is to increase power to 10,000 watts. But in order to do that, we will need to stabilize the electrical connections between each section of tower by spot welding them together. We already planned to do that, but thought the bolts would be sufficient until we could do the welding. Wednesday we plan to do the welding and move one of the guy brackets that was accidentally put at the bottom instead of the top of its section. We will be off AM1400 for several hours as we do this work. Please pray for safety and God’s speed.

Sister Francina Little has been working for the Harbour Light for nearly 35 years. She joined the staff a few months after Sharlene and I arrived in 1990. Francina indicated a few months ago that she was considering retirement so she could concentrate on the special needs of her home. Francina began her work with us by establishing our Bible Correspondence ministry. She continued her ministry by co-producing the daily 30 minute Captain’s Kids broadcast with my dear mother and the 15 minute weekly Joyful Woman broadcast. Francina has been a great blessing to the Harbour Light and we thank the Lord for her Christian life and testimony. On April 11, we gathered together as a staff and had a lovely time of fellowship and refreshments. On that occasion, Francina shared that my mother and father were a tremendous help to her spiritually and in many other ways. She said her time at the Harbour Light helped her to learn a lot and to grow to be a better Christian. Sister Francina is pictured here with her dear husband and my “right hand man,” Brother Richard. We will greatly miss Francina’s presence among us!

I called one of our blind listeners this morning to wish him a happy birthday. He is a former government school teacher but has been blind for the past 22 years. He could hardly find words to express the spiritual blessing, help, and companionship the Harbour Light has been to him these many years. He preaches at his church what he learns listening to the Harbour Light and has quite a Bible study ministry by phone with numbers of people. He says that Harbour Light ministers to him and he in turn ministers to others. He said that even at his age (74) he is learning more about Christ and growing in Christ every day. We praise the Lord for Brother Carl and for many others who could give a similar testimony. To God be the glory! May **the Light** of the Gospel continue to pierce the domain of the devil to guide many more souls to Christ in these end times.

Spreading the WORD,
Randy Cornelius & Staff
